

Karl Pálsson – Curriculum Vitae

Personal Details

Phone: +354 822 2595 (gsm) Email: karl@tweak.net.au
Address: Hverfisgata 104c, Reykjavik 101, Iceland
Kennitala: 070779-3239
I have both Australian and Icelandic citizenship.
(Work authorization throughout EEA)
I speak English, and am continually improving my basic Icelandic.

Objectives

Building real products that customers want.

Why you should choose me

I'm solutions focused, working to make sure that any delivery is truly useful. Reliability, interoperability, and usability are some of the foundations of my development practices.

Professional Experience

Software engineer

Dec 2007 – Mar 2011 – *Vodafone – Reykjavik, Iceland*

Worked in a small team automating business processes around network provisioning and billing. Introduced automated tests and continuous integration, improving reliability and availability. *Java, C#, perl, python, SQL*

Software engineer

May 2005 – Jul 2007 – *Industria – Reykjavik, Iceland*

Worked in a team developing complete backoffice provisioning and billing systems for combined tv/internet/phone service providers. Worked in vertical slices covering management interfaces, data collection tools, reliability planning, requirements analysis, automation, development, testing and deployment. *C#, Java, perl, SQL*

Software engineer

Jan 2001 – Jul 2004 - *Cisco Systems – San Jose, CA, USA*

Worked in a large team developing software for switches and routers. Wrote and reviewed architecture, implementation and test documentation, working with marketing and managerial staff to determine software requirements. Quality control work with test teams and customer support. Developed custom tools to reduce workload of the entire team. *Assembly, C, perl*

Education

Bachelor Of Engineering (First Class Honours - Computer Systems and Electrical Engineering) - University of Queensland, Australia 2000

Personal Interests

My interests include photography, hiking, wireless sensor networks, GIS

Availability for Work

04/01/11
